Dear Mr. Nord:

**TRANSMITTAL OF ENGINEERING CHANGE NOTICE (ECN) FOR STATE OF WASHINGTON  
DEPARTMENT OF ECOLOGY CONCURRENCE**

Approval of the enclosed ECN by the State of Washington Department of Ecology is required to change the groundwater monitoring plan (WHC-SD-EN-AP-018, Revision 0) for the S-10 Facility. This change is being made to add one deep monitoring well to the network. This deep monitoring well was approved in the original groundwater monitoring plan but was changed to a perched zone well. Please review and approve the ECN and return to DOE Richland Field Office as soon as possible.

Should you have any questions or need for additional information regarding this submittal, please contact M. J. Furman of my staff on (509) 376-7062.

Sincerely,

June M. Hennig, Acting Director  
Waste Management Division
